"The article copied from the New York paper in Thursalay's Hersild, having reference to the Pancho Villa affair, is very distincted to me. The casual reader will get the idea that it is an interview given out by me to the New York reporter, while those who do not know me will be led to regard me as a six shooter mayor of a frontier town of the wild and woolly days. ## Fighting the Right Plague

Kill the Catarrh Germs and the White Plague Problem Is More Than Half Solved.

Consumption is caused by germs; se is Catarrh. People who have catarrh are liable to become victims of dread consump-

The reason is very simple. Germs of consumption, no matter how victors, can make little headway when the membrane of the nose, throat and bronchial tubes is in a healthy condition.

When, however, the membrane is raw, sore and inflamed because of catarrh and the ravages of derilish catarrh microbes, the germs of consumption can easily and quickly find a home to their liking and thus begins thousands of cases of consumption. It starts with a cough and ends in a caffin.

Get rid of catarrh, if you have it, and you can get rid of it if you will breaths HYOMEL a soothing healing antiscule air that reaches the nose and throat and goes clear into the sir cells of the lungs, where it destroys catarrh, germs and cures catarrh.

Sprays, douries, anoffs, ointments and stomach dosing won't cure catarra. You've got to get where the germs are before you can kill them, and HYOMEL gets there while all other treatments fall.

Delays only invite needless danger; get a HYOMEL outfit today at any god drug store for \$1.00. If you already own a HYOMEL libraler, you can got a bottle of HYOMEL for only 50 cents. "Kelly & Pollard guarantee it."
